

HS DAYDREAM'S HEADS UP

by Kim Skipton

It is hard for most of us to imagine owning a World's Grand Champion, much less breeding one. How about doing all that plus showing him to the win yourself? Scott Hagan of Louisville, Kentucky, did just that this year. Current Three-Gaited World's Grand Champion HS Daydream's Heads Up is a product of one of the most royal families in modern Saddlebred history, and he represents the epitome of the Hagan Saddlebreds breeding program. HS Daydream's Heads Up absolutely reflects his pedigree, in the best of ways. His sire, Undulata's Nutcracker, is known for siring very athletic and game offspring, including Fine Harness World's Grand Champions Nutcracker's Nirvana and ^{CH}Lady Mandolin, and Three-Gaited World's Grand Champions ^{CH}Macadamia and ^{CH}Don O'Neill.
